Re: room block

We are working with an event planner that is seeking room blocks up to approximately 50 rooms. This is a Women's Ministry event and will be held March 23-24 at the St. Robert Community Center. They are seeking room blocks from lodging partners with the following parameters:

Must have interior doorways, 24 hour security and complimentary breakfast. There are also sponsorship opportunities available on their website registration. A small logo placement is \$50 and a large placement is \$100. This would be a hyperlink and the registrant could click through the logo to the reservation system. Otherwise, participating lodging partners will be listed with address, phone number and website in the registration section.

Interested lodging partners should send room blocks, pricing and drop date information to me by December 15, 2006. Please put the block under, "Women AT Rest". If you need additional information, please contact the Tourism Bureau Office.
