

## PACIFIC 66 - Route 66

This sign was rescued April 20<sup>th</sup> from a salvage yard that was being sold off. Al & Sally Rubin owned this sign and it was located at Pacific Liquors for many years. In 2011 the sign received a grant from the Route 66 Association of Missouri and was refurbished. Unfortunately later that year a terrible storm came through and toppled the sign.

Although not of neon, we thought this sign would make a great entrance sign to the Route 66 Neon Park. Bulbs light up the 66 on either side of the sign and we will be able to incorporate the park name into the top and bottom frame work once the frame work is complete.
